Pedestrian Overpass Painting to Restrict Traffic on 72nd Street

An upcoming pedestrian overpass painting project will restrict traffic along 72nd Street in La Vista for the next several weeks.

The repainting project of the overpass located at 72nd Street and James Avenue is scheduled to begin the evening of July 5 and continue through July 16, subject to acceptable weather conditions.

Throughout this project, traffic on 72nd Street may be restricted to one lane each direction. All lanes will be kept open during weekday morning and evening rush hours.

James Avenue, between 72nd Street and 72nd Avenue, will be closed to traffic at various times throughout the project.

On July 11-13, 72nd Street will be closed to all traffic from 9 p.m. to 6 a.m. from the north side of Park View Boulevard to the south side of Josephine Street.
