

## Little Genius Program

**Wednesdays, Jan. 17-March 7, 10 a.m.**

A new program to help young minds explore, learn, and grow through books, activities, and more.

Activities will be developmentally appropriate and hit eight different learning objectives such as fine motor skills and gross motor skills.

All adults will receive activity cards to help continue the learning and fun at home. Any child that attends six or more classes will receive a FREE book at the end.

This new program is ideal for children birth-5 and will require the help of an adult caregiver.
